NEWS BY TELEGRAPH.—The N. Y. markets on Saturday were quoted dull and lower for both wheat and flour; 5,50 is the highest figure noted for flour. Financially, affairs wore a gloomy aspect. The Erie and Illinois Central Railroads both failed to meet liabilities; the latter has made an assignment.

A threatened riot at the Bergen tunnel in New Jersey, among discharged laborers, was quelled before it was serious.

The news from the Kansas election is thus far quite cheering. The free-state men have very generally voted, and have beyond doubt elected their delegate to Congress, by a large majority. The Legislature was so gerrymandered against them that it was scarcely possible for them to carry it, but there are hopes that they have carried some districts which they did not expect. Johnson county was carried by the democrats by an imported Missouri vote, and at Kickapoo, *Walker's troops* carried the election for him!

Genin, the farmers N. Y. hatter, has suspended.

LATER AND BETTER!—The evening report brought the gratifying news that the free state men have triumphed over their pro slavery antagonists, and carried the Legislature as well as the Congressmen. Now let us see if the existing Convention will dare to refuse to submit their Constitution to the people.

Death of Theodore Lovett.

It is with unfeigned regret that we record the death of THEODORE LOVETT, the Superintendent of the Milwaukee and Superior Rail Road, in the 21 year of his age. His spirit parted from its frail mortal tenement just before midnight on Friday last. Mr. LOVETT was a native of Beverley, Massachusetts. He emigrated to the West some years since and resided for a while at Chicago. About two years ago he came to this city, in pursuit of professional occupation as a Civil Engineer. He soon became connected with the Rail Road enterprizes of our State, and in the discharge of his various duties speedily acquired the confidence and regard of all with whom he was associated. Some three weeks since he was stricken with sudden illness, and tho' private friendship and professional skill did all that was possible to check the progress of his disease, human aid proved unavailing and he sank, at last, under the shaft of Death. His remains were taken East for interment, on Saturday afternoon. A large circle of friends, who knew and appreciated his worth sorrow, over the dispensation which has thus suddenly removed from their midst one so gifted, so genial and so true.

Organize for the Contest.

Three weeks from to-morrow our annual State election is to be held. Within this brief period the work of ORGANIZATION is to be done, and the necessary measures taken to ensure *a full and fair vote*. With such a vote, there is no shadow of doubt about the result. The success of the Republican ticket is *certain*, if the people come to the polls, and the votes are canvassed as cast. The only possibility of defeat is in a light vote and unfair play. It is against these, therefore, that we invoke our Republican friends everywhere to be on their guard.

We believe that the electors of Wisconsin sufficiently appreciate the importance of the issues before them, to vote and vote *right* on the third of November next. This conviction is shared in by our friends generally, and hence the assurance they feel of a crowning triumph for the cause of FREE SOIL and FREE LABOR. But let not the Republicans therefore relax their efforts. On the contrary, let them redouble their exertions and spare no pains to bring up *every voter* to the polls on Election Day.

KENOSHA CO. SENATORIAL NOMINATION.—Dr. S. S. MCCLELLAND, of Wheatland, was nominated on Saturday for the State Senate from Kenosha county. He will be elected, of course. Kenosha Co. never fails to do her duty to the Republican cause.

ELKHORN BANK CLOSED.—The Elkhorn Bank, Walworth Co., suspended a week ago Saturday. The *Independent* says that efforts are being made to revive it. The bills are just as good as ever.

GRANT CO. NOMINATIONS.—The Republicans of old Grant have nominated NOAH H. VIRGIN for the Senate—an admirable selection.

The Democrats of the Lancaster district have nominated J. E. DODGE for the Assembly.

NOMINATION.—DANIEL B. CRANDALL has been nominated for the Assembly by the Republicans of the Rutland district of Dane County.

RAILROAD LOAN VOTE.—The people of Baraboo, Sauk Co., have voted, 253 to 5, to loan their credit to the Madison, Fond du Lac & Michigan R. R. Co.

The New York State Banks.

[From the Albany Journal, Oct. 5]

There has been returned to the Department for cancellation during the week, over $1,550,000. The amount of Securities surrendered was over $1,000,000. The amount of Notes still in packages, not counted, (included in the above) was about $330,000, equal to something more than one day's sharp work in enumeration. The amount of notes returned for cancellation for the last three days of the week, succeeding the recent decision of the Supreme Court, (that the Superintendent was authorized to surrender securities upon the return of circulating notes below $100,00 for a banking Association, and $50,000 for an individual Banker,) was over $1,100,000, and the amount of securities returned during the same period was within a fraction of $800,000.

If anything was wanting to show the inclination as well as the ability of Banks of this State to promptly meet their liabilities in this monetary emergency, these figures would satisfy the most skeptical—particularly when we say in addition to the above, that the notes of only three Banks in all New York, have been returned to the Department under protest.

The Earthquake.

Our citizens were startled yesterday morning from those deep slumbers which ever precede approaching day, by an earthquake such as has seldom, if ever before, visited the United States. We are as yet unadvised of the extent of soil over which it has exercised its rage, and of the intensity of its violence in other localities. Rumors prevailed in the streets yesterday of disasters occasioned by it to various cities along the lower Mississippi, which were of course discredited, as the telegraph, up to a late hour, gave us no information of any such misfortune. These reports probably grew entirely out of those appropriate reasonings which are so apt to mislead and dupe the minds of men, even when they pride themselves on a strict adherence to the laws of evidence and experience. Over the adjoining regions of Illinois, and those portions of the state lying contiguous to St. Louis, it is certain that the commotion was not less severe than it was in this city. In Illinois it was accompanied by a temp stuous sky and electrical phenomena of an unusual character; while with us it was preceded by freaks of electricity, variously described as vivid flashes of lightning, and as the descent of a blinding meteoric ball from the heavens.

The interval between the two shocks, the first of which occurred at about a quarter past four, was one of a painful suspense to such as had aroused themselves to the full consciousness of the nature of the danger, and who adverted to the fact, that ordinarily, at least in the earthquakes of the tropics, the violence of the convulsions succeeding the first, of which there are commonly two, was that of a progress nearly equalling geometrical ratio. The staunchest houses swayed to and fro with an undulatory motion very much resembling that of a ship laboring under an angry sea, now seeming to even still and hold defiance to the tyrant waves, and anon bounding forward quivering in every plank and imparting to the voyager that ineffable sensation which is to the mind what sea-sickness is to the body. The rattling of windows, the displacement of furniture; the gleaming of lights from bed rooms which suddenly illuminated the pitch darkness which prevailed; the wild terror of some and the bewilderment of others whom the threatening phenomenon had startled from their dreams, formed a scene more easily imagined than described. The second shock took place about five minutes after the first, but was of brief duration and inferior violence.

CUBAN AFFAIRS.—Havana letters of the 25th inst., furnish the following information:

"Monetary affairs in Cuba were still in a critical condition, but the banks held sufficient cash for the purposes of trade. Sugar was dull and prices declining. Freights were also dull. The health of Havana was good. Our correspondents state that the landings of slaves were frequent and carried on in the most undisguised manner. The flags of France, Holland and the United States were displayed by the traders. Five hundred and ninety-nine free colonists from China had been set ashore from two vessels, one of which lost six coolies by death on the passage. They came by way of St. Helena. On some of the sugar estates these unfortunates were cruelly lashed, and suicides were so frequent amongst them that a government investigation of the cause which led to it took place, when a revolting state of management was exposed. Fourteen thousand eight hundred and ninety-one Asiatics had been set ashore during the year up to the 23d inst., and two thousand three hundred and four others had died on the passage. A cargo of Africans was landed at the Punta Castle on the 18th inst., which filled forty volantes, in which they were driven off to the plantations.—The Captain and crew escaped. The American bark Mazeppa had been captured by a Spanish war cruiser as a slaver. She had several hundred negroes and the small pox on board."

DEATH OF DOCTOR SCHUE.—We announce with deep sorrow the death of A. Schue, M. D., who died at his residence in this city, yesterday afternoon, at 4 o'clock. Dr. S. had been a resident of this place about one year and a half, during which time he formed many acquaintances who deeply mourn his death. He was a ripe scholar, a thoroughly read physician, a successful practitioner, and a gentleman in all his intercourse with his fellow men—*Madison Journal*.

ATTEMPTED SUICIDE.—Mr. Thomas Marsh, of Menasha, on Friday last cut his throat with a razor while suffering under mental derangement occasioned by the effects of a long continued nervous affection. Mr. M. was from Hardwick, Vt., and is a worthy and most respected citizen, but for the last few years has been a great sufferer. He did not succeed in destroying himself, but now lays in a critical situation from the effects of the cut.—*Neenah Conservator*.

CITY MATTERS.

POLICE COURT, Oct. 10.

BEFORE CLINTON WADWORTH, POLICE JUSTICE.

A. C. Law, fast driving on bridge, fined $1.

Marcus Hellinger, disorderly, fined $3.

John Delaney, drunk, fined $3.

John McKenzie, convicted of stealing three chickens, sent to county jail for 30 days.

AN INTELLIGENT DOG.—A gentleman of this city owns a dog that knows a thing or two. Our friend's dwelling has, by the process of grading, been left high above the street, and the careless carrier-boy frequently leaves the *Sentinel* at the foot of the staircase, instead of taking it to the top. The dog has been taught to go down for the paper, and search for it when missing. He invariably brought a paper back, though he was sometimes absent a long time. A neighbor, who takes both the *Sentinel* and the *News*, missed his *Sentinel*, and became quite wroth at what he supposed the delinquency of our carriers. Talking to the owner of the dog about the matter, the latter—the owner—assured him that *his* paper *always* came.

It was suggested that perhaps the dog might be responsible for some of the trouble, and next morning, being watched, he was seen to run to the neighbor's door, where lay both the *Sentinel* and *News*, touch his nose to one and then the other, pick up the *Sentinel*, and run home with it! A fact.

GROSS NEGLECT OF DUTY.—The following joint resolution passed Congress in 1855, and was approved by the President:

JOINT RESOLUTION for the statistics of the coastwise commerce to be included hereafter in the annual report of the Secretary of the Treasury on commerce and navigation.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury in the annual report on commerce and navigation hereafter to be made to Congress, cause to be stated the kinds, quantities and value of the merchandize entered and cleared coastwise into and from the collection districts of the United States, and the said Secretary of the Treasury is hereby authorized to make all rules and orders necessary to carry into effect the objects of this resolution:

Had the Secretary of the Treasury made the "necessary rules and orders," as above directed, the department would be able to publish a nearly accurate statement of the "kinds, quantities, and value" of merchandize entered and cleared, &c., at the lake ports. As it is, the Annual Report is a complete hotch-potch, and utterly unreliable.

THE THEATRE.—There was quite a fair audience at the opening of McFarland's Theatre at Young's Hall on Saturday night. The performances were—well, pretty good. In fact it was far superior to anything we have had in the theatrical line since the days of Thorne. We understand that there are several connected with this corps who have not yet arrived, but are expected to-day, when, no doubt, the company will appear more favorably. On Saturday night the play of the "Rough Diamond," was tolerably well performed. Jessey McFarland is a skillful danseuse, and her dancing formed the main part of the entertainment. It would be hardly fair to criticise this company until they had a better opportunity of showing us what they can do, and we will therefore reserve further comment for the present.

CONCERT TO MORROW NIGHT.—We hope that the music loving public of Milwaukee will bear in mind the fact that Mr. WEINBERG gives a concert at Young's Hall *to-morrow* evening. He deserves a full house, and the entertainment which he offers will, we are sure, prove a most satisfactory one.

WRONG CREDIT.—The Madison *Patriot* copies the following paragraph from some one of our City Contemporaries and erroneously credits it to the *Sentinel*:

The Madison firemen are dissatisfied at the result of the state fair trial of engines, and think it an insult to them being offered the third prize when they fairly won the second. They should have borne in mind the fact that the prizes were not designed to go out of the Rock River Valley.

The Madison firemen certainly did well at the State Fair trial, but they won no prize. The awards were fairly made under the rules adopted by the judges, though these rules placed some of competing engines under decided disadvantages, and "Neudota No. 1," of Madison, was one of them.

RICH MILLINERY GOODS.—We would remind our lady readers of the fact that Mrs. Lewis Blake's Fall and Winter opening of splendid millinery, flowers, head-dresses, and all the paraphernalia that so much interests the gentle portion of our community, takes place to-morrow at her store, No. 33 Wisconsin street. Mrs. B. is a decided favorite with the ladies of our city, and she is always "up to time" with the fashions.

REMOVED.—The office of the German paper *Gradaus* has been removed from Stupinske's block to the new brick building, near the corner of West Water and Wells streets.

COMMON COUNCIL MEETING.—A regular meeting of the Common Council will be held this evening at the Council rooms, Excelsior block.

Educate Your Girls.

On Thursday, Oct. 1st, the N. W. Female College, at Evanston, was duly consecrated to Science. The oration was delivered by Benjamin F. Taylor, Esq., in the most felicitous style. The Doctors of Divinity from the neighboring Institutions did honor to the occasion, and the ladies of Evanston did honor to the stranger within their gates in a most excellent repast. Music filled the College parlors, joy every countenance; and the day sped merrily until the cars whistled the visitors to their homes, and night crept gently and peacefully into the College windows.

The classes are now organized for the winter term, and as a few vacancies still remain to be filled, we shall be glad to have several representative sent from Milwaukee. Again we say, Educate your girls. E.

Evanston, Oct. 9, 1857

See elsewhere the advertisement of this new College. Its site is a charming one, and its educational facilities very good.—[ED. SENTINEL.

A Correction.

The following among other charges against hack-drivers, appears in the *Wisconsin* of Friday evening:

A few nights since, a gentleman with his wife and child got into a hack at the Watertown depot, and rode to the American House, and the driver demanded a dollar, when his legal fee was only four shillings and sixpence. The gentleman refused to pay above the legal rates, which the driver would not take, and the consequence was, that the driver, while noisily demanding more than was due him, drew a crowd about him, and doubtless fearing that he might be arrested, he thought best to hurry off, without taking anything.

As I am the "driver" alluded to above, I wish to say that the charge of attempted extortion is untrue. The price I demanded for driving *three* persons from the cars to the Hotel was *seventy-five cents*, and when he refused to pay *that* I told him he could have his fare for nothing, and left him. A Great Wrong.

MESSRS EDITORS:—I desire to call your attention to the particulars of a scandalous outrage, committed, yesterday, in the Circuit Court, upon the character of a witness, in the case of the State versus Geo. Theil, by the prisoner's counsel, Mr. Doran. The case was one of larceny. The defendant was detected in the act of taking nails from my premises, and my wife swore positively to the fact on his trial yesterday. In the face of this, and with no rebutting testimony offered, save the former good character of the defendant, he was acquitted, and my wife for her testimony, given to further the ends of justice, was overwhelmed with abuse, and loaded with the most opprobrious epithets, to such a degree that it was characterized by the District Attorney as the most outrageous assault that he had ever listened to, and that it was a disgrace to a civilized country. Is there no remedy for this? Are our wives, sisters and daughters to be treated in this manner, unprotected by the Court? A man can take care of himself, but when a lawyer (?) takes advantage of his position, to throw beat and malign the fair fame of a respectable female witness, should not the Court interfere to protect the witness, and rebuke the cowardly assailant? If not, and it this is *democratic* justice, it is high time that we should have a change.

THOS. TURTON.

HOW TO PRESERVE BEAUTY.—Nothing is more becoming to a man or woman than a beautiful luxuriant head of hair, and a woman's beauty is certainly incomplete without a fair complexion, and he or she who neglects these great and important adornments of nature must expect to suffer the mortification of premature baldness, a wrinkled face and a sallow skin. Nothing is necessary to preserve these essential attractions but the use of Prof. Wood's Restorative.—*Leesville Times*.

PROF. WOOD'S HAIR RESTORATIVE.—We have had occasion to use the famous preparation of Prof. Wood's, and after thoroughly testing its qualities, we find that where the hair is thin it will thicken it. If gray it will restore it to its original color; likewise, it gives a glossy appearance as well as keeps the hair from falling off. This invaluable ingredient is for sale at "Buchanan's Toilatory," southeast corner Frederick and Baltimore streets, by Mr. J. G. Given.—*Balt. Clipper*.

LATEST NEWS!

BY MAGNETIC TELEGRAPH.

KENOSHA, Oct. 10—9 P. M.

Dr. S. S. McLellan, of Wheatland, was nominated to-day as Republican candidate for Senator in this District.

New York, Oct. 10—3 P. M.

There was no damage done yesterday at the Bergen tunnel. The laborers had assembled to the number of 1,000, or 1,200, and made hostile demonstrations—but after detaining one or two trains for a short time, through the intercession of the Catholic Clergyman, and the Sheriff of Hudson Co., and the presence of a force of military which had been ordered out, the mob was reduced to quietness.

A run on the Brooklyn Savings Bank has been promptly met this morning.

A meeting of those present was organized, and resolutions passed expressive of their confidence in safety, and a willingness to have their deposits remain.

New York, Oct. 10—3 P. M.

The Erie Company did not pay the laborers to-day, and the report is, that the track has been torn up.

Detroit, Oct. 9—3 P. M.

Produce is fast accumulating at this port, very little going forward, on account of derangement of currency, and uncertainty of Eastern markets.

Stocks of flour on hand are larger than at any previous period this season.

Receipts by railroad yesterday 3,200 bbls flour and 10,000 bus wheat.

The Michigan Central R R. boats between Detroit and Buffalo, will be laid up as fast as they arrive at this port.

Monetary excitement here subsided, our remaining banking institutions are looked upon with the utmost confidence.

The Kansas Election Favorable.

St. Louis, Oct. 9.—3 P. M.

Four gentlemen just from Kansas, have arrived here. They state that Jefferson county had gone largely Republican. Calhoun county, doubtful. The following precints in Leavenworth Co. give Republican majorities: Easton, 45; Wyandotte, 50; Leavenworth, 200. Delaware and Kickapoo, give democratic majorities of 50 and 450. At the latter precinct the troops voted, at the instance of Gov. Walker. Johnson Co. is conceded to the democrats; but it is thought that Douglas Co. will give a sufficiently large Republican majority to carry the district.

St. Louis, Oct. 10—3 P. M.

Advices from Leavenworth on the morning of the 8th, state that Leavenworth Co. is the only one, so far as heard from, giving a democratic majority. Doniphan Co. gives a Republican majority of 25; Atchison Co. 44; Douglas Co. 1,000. These returns are given as authentic. Tecumseh township 160 Republican majority; Topeka, 190; Calhoun, 159.

New York, Oct. 9—3 P. M.

There are rumors affecting the standing of two or three heavy firms, but only one suspension is known—that of Gallard & Wetmore, bankers.

A meeting was held this P. M. at the Merchants' Bank, at which was discussed the proposition for the banks to provide from their common resources a fund of five or six millions of dollars to be used in bringing forward produce to our markets.

At a late hour the result of the Conference of Bankers and Merchants transpired on change.—A proposition for an immediate increase of loans to the amount of three millions of dollars was defeated. This decision added to the despondency.

New York, Oct. 10—3 P. M.

The report of the suspension of George Bliss, & Co., published here to-day, is entirely destitute of truth; that firm is one of the most prosperous in the city, and has not thought of suspending.

The Tribune has a special dispatch from Lawrence, K. T., saying the election is still open so far. The Free State ticket in the 5th district is 900 ahead, and they will carry the district by a large majority.

Parrot is elected to Congress beyond question.

Strong hopes are entertained that all the frauds are defeated, and the Free State party triumphant at Lecompton. No serious disturbances so far as heard from.

The Tribune of this morning reports the following suspensions:—W. H. Cary, silk; Wood & Grant, groceries; Connelly & Adams; G. D. Heitman; Buckley & Moore; and Baptist and White, tobacco dealers.

HARRISBURG, Oct. 10—3 P. M.

The members evinced a disposition to complete the session to-day, in order to return home in time for the election

The House agreed to take up the Relief Bill, passed by the Senate yesterday. It dispensed with the going into committee of whole, and placed the bill on its third reading.

After a lengthened debate, the proposition to lengthen the time of the resumption from April to the third Monday in July, was lost by a vote of 75 to 26.

A motion to shorten the time to January 1858, was made, when a substitute was offered fixing the time to July next. The amendment was lost by 33 to 30.

In the Senate a political discussion arose upon the resolution declaring that the whole financial difficulties resulted from the tariff of 1846, and its modification by the last Congress. The subject was finally disposed.

New York, Sept. 10—9 P. M.

To-day has been the bluest one in our money market. The Illinois Central Railroad Company has made an assignment. A run on the Bowery Savings Bank continued throughout the day.—It is believed that the Bank is amply able to meet all its liabilities.

The run on the Brooklyn Savings Bank had somewhat subsided at noon. Up to that hour over 90,000 dollars had been drawn out.

Genin, the well known hatter and Fenton & Lu have suspended.

The announcement of the failure of W. H. Cary & Co., was incorrect. No firm of that name now.

Howard Cary & Langer who succeeded the firm of W. H. C. & Co. have not suspended. R.R. stocks went down still further Ill. C. bonds falling off 15 cts. yesterday, and the shares 5. The Park Bank went through the run yesterday nobly and came out to day stronger in specie than before. There was a larger business in state stocks, mostly at lower prices. Bank stock sold at a slight decline, there were rumors in the P. M. affecting the credit of some of the heaviest houses in the city. H. A. Crit, whose failure is announced to day, is the agent of Drake & Co of Havana. The Bowery Bank goes into liquidation.

New York, Oct. 10—9 P. M.

The discharged laborers on the Bergen Tunnel were paid to-day, and the excitement at Hudson City was fast subsiding.

The police made a large haul of counterfeit money in the sink of a house on 6th Avenue, amounting to $9,000 in 10's on the bank of Rondout, and $945 of 5's on the Ocean Bank of Newark.

Corning & Co., of this city are reported failed.

Kansas Election.

St. Louis, Oct. 10—9 P. M.

Later advices state Parrott's majority five to eight thousand, according to the estimate of the Free State men. The Legislature will stand, Council, Republicans nine, Democrats four; House, Republicans twenty-four, Democrats 16. Johnson county gives Dem. maj. 250.

RICHMOND, VA., Oct. 10—9 P. M.

The Governor has issued a proclamation prohibiting the notes of the Bank of Kanawha from being received in payments for money due the State; the Bank having refused to redeem its notes, and removed a large amount of its assets beyond the limits of the State.

AUGUSTA, Oct. 10—9 P. M.

Reliable telegraph news from Charleston, announces the suspension of the Bank of South Carolina, a State institution, of which C. W. Fireman is President.

HARRISBURG, Oct. 10—9 P. M.

ADDITIONAL LEGISLATIVE PROCEEDINGS.—A motion to leave the time indefinite, and the question to the next Legislature was defeated—yeas 34; nays 35. The original motion, fixing the third Monday in Jan. for resumption was lost, yeas 10; nays 78. A motion was made to strike out all after the enacting clause of the Senate bill and insert instead the House bill. The eight last amendments requiring the banks to pay specie for 5's were carried.

BUFFALO, Oct. 10—9 P. M.

A prize fight was fought in Canada, opposite the city this P.M., between Lazarus & Horrigan, two Buffalo pugilists. They fought 128 rounds in two hours and 55 minutes, neither conquering. The stakes were withdrawn.

New York, Oct. 10—9 P. M.

Rumors were current this P. M. that the bill of the suspended Bowery Bank were refused at the other Banks, but there was no truth in the report. There are also rumors affecting one or two other banks here, but they deserve no attention. There is a growing conviction in the midst of all classes of men that the banks must considerably extend their accommodations to the commercial public, or that they must a large proportion of their present patrons must go to the wall.

Hartford, Oct. 10—9 P. M.

A race came off this P. M. on the Hartford Trotting Park; mile heats best 3 in 5—between Flora Temple and Lancet, for a purse of $1,000. Lancet won the 1st, 3d and 4th heats. Time 2:34½, 2:35 and 2:28. Flora took the 2d in 2:29 The track is a half mile one, and the time made by Lancet is said to be the best ever made. Flora was in harness and Lancet under the saddle.

The Transcript learns from official sources that in consequence of a delay in remittances from the East, an almost a total suspension of negotiation here.

The Mich. Central Railroad Company has found it necessary to postpone the payment of its bills, until it draws funds from proposed subscriptions to its bonds, which will be on the 10th of November next. The payment of the coupons will be continued as usual.

NEW YORK, Oct. 9.

The Sowery Bank closed its doors this P. M., and has been suspended from the clearing house. The bills are abundantly secured, and will be taken by all the City Banks. The institution was a small affair, with a capital of $300,000.

The Park Bank fully sustained itself.

There is no little dissatisfaction among the Bergen Tunnel laborers, in consequence of the failure of the contractor to pay them, and because of their discharge, and to-day there was talk of tearing up the track in case the money was not forthcoming. The military are held in readiness

BOSTON, Oct. 9.

The late reported heavy failures in New York had a rather distressing effect in State street to-day. There was some movement in stocks, at very low figures.

Money is more freely discounted by banks, but not in sufficient amounts to reduce the street rates.

The following failures were reported:

Lyman A. George & Co., straw and ribband dealers; Melton Gale, dealer in oil and leather; Wash, French & Co., shoes.

Later from India—Lucknow Fallen—Massacre of Europeans.

NEW YORK, Oct. 8.

The Herald has a Calcutta letter stating that Lucknow, the capital city of Oude, has fallen, and all the Europeans have been massacred by Nena Sahib, and the relief force, under General Havelock, have been obliged to fall back upon Cawnpore. Terrible decimation by the cholera.

This information was current in private circles in Calcutta, but was kept from the newspapers by the Government.

By the next mail we shall probably receive some details of this disastrous event to the British power in the East.

COMMERCIAL.

Review of Markets, for the Week ending Oct. 12.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, Oct. 12, 1857.

The lapse of another week has brought no material relief from the pressure of the money market, which crowds so hard upon all classes of society, and no improvement in prices of produce. Our columns have contained such information daily of the progress of events as we have received, and we need not tell any of our readers that the times are hard enough. The wise and just movement of our banks in receiving the bills of the secured banks of this state and Illinois, has done much to alleviate the trouble. A general impression is felt that the movement of a portion of our abundant crops to the east would quickly bring about a change for the better, and our merchants have issued a circular to the country merchants, of the 5th inst. of which our readers are already advised. The result ought to be good, but we have not much hope of it.

By enquiry at the warehouses and mills on Friday, we learned that the amount of flour in store, at this port, was only 4,000 bbls, and the wheat 300ts up 97,000 bus, including what was at the depots unsold. About 25,000 bus was shipped yesterday, not included in the above. Some of our largest warehouses are nearly cleaned out.

Freights are nominal. We have now in port some 25 grain vessels, with a capacity to carry 350,000 bushels of wheat, and the prospect is now that scarcely more than this will go forward this fall, unless navigation is open later than usual, or the market takes a favorable turn.—Vessels are asking 9c to Oswego and 8c to Buffalo, but we hear of no charters.

Money Market.

BANKING AND EXCHANGE OFFICE OF BAIRD BROTHERS, 156 EAST WATER ST., MIL. Oct. 12, '57.

The past week has undoubtedly presented the most critical state of any since the late panic commenced. In New York especially, where matters had begun to assume a rather more favorable turn, the failures of three or four of their largest silk and dry goods' houses have tended to lessen confidence, and cast a still further gloom over the community. The south seems to be less affected than the East, though, to a certain extent, their products are lowered in value. Our merchants are trying certain means to induce the farmers to bring forward their wheat, and it is most earnestly to be hoped they will succeed, but our impression is the farmers will hold all their produce till they see the money to buy it with. They are always willing to sell when

Railroads and Bridges--Mayor Cross' Veto.

The *News*, of Saturday, gives its readers an article of ours, published in May, 1856, approving of Mayor Cross' veto of the Railroad Ordinances. All very well; now will not our cotemporary try and find an article approving of the Mayor's *signing* those same ordinances a few weeks afterwards? It will be lost labor.

The *News* further says:

> In the course of an article upon this subject, the "Sentinel," yesterday morning, said that Mr. Cross finally signed the Railroad ordinances—"casting his own words, losing his courage, not daring to be just, failing in independence, and casting suspicion upon his probity." Mark the defamer! the "Sentinel" does not inform its readers how Mr. Cross came to sign the Railroad ordinances. That would not suit its purpose, for it would take away the apology for the scandalous sentence above quoted. *The Mayor was obliged to sign them. The Common Council passed them over his veto.* After this, if Mr. Cross had refused to sign them, he would have been guilty of the grossest conceivable offence against the spirit of popular government.

We incline to think that the *Sentinel did* "inform its readers how Mayor Cross came to sign the Railroad ordinances," and it is just that explanation of ours which puts the *News* in such a flutter. The statement that he signed them because they were passed over his veto, is all moonshine. The veto was sent in, we believe, May 18th, 1856. At the Council meeting of May 25th or 26th, the ordinances were taken up and referred back to Committee, being for two roads—the Beloit and the Fox River Valley.—Three weeks were passed in pleading, trading and bargaining between the friends of these two roads, and those of the Mayor's pet measure, the Huron Street Bridge, and another party who wished a loan for the Milwaukee & Superior R. R. All things being arranged, June 17th, the Council met—the Bridge ordinance was *first* passed, and then Ald. Huertel, representing the Superior R. R., offered a resolution intended to let down the Mayor as easily as possible, and then, not only the *two* ordinances, *before vetoed*, passed, but *another* for $100,000 to the Superior Railroad, there being a perfect understanding that, the Mayor's Bridge ordinance being passed, the others should receive his signature. All these facts are from the record, and well known to our citizens. The less allusion the *News* makes to them, the better for the credit of its candidate.

The K.N's in Full Cry.

The *News* of Saturday joins the *American* in its personal warfare upon Mr. SCHURZ, and these twin organs of Know Nothingism and Sham Democracy are now out in full cry against that gentleman. We have already quoted sufficiently from the columns of the *American* to show the *animus* of that paper towards Mr. SCHURZ. The following extracts from the leading article in the *News* of Saturday will illustrate the spirit of that paper:

> MR. CARL SCHURZ.—This man, we venture to say, is the youngest American citizen ever nominated for so important an office as Lieutenant Governor. In truth, at the time of his nomination he was not a citizen—it was since then that he took his second papers. According to the statement of those who advocate his election, *he run away from Germany*, about five years ago, to avoid some sort of process for political offences; and finally turned up in the United States. He left his family in Germany; also his wealth, said to be considerable, was left there and untouched by the law. From this fact it should be inferred that he had not been a very bold operator against his Government. It does not appear that he legitimately earned the title of "Patriot" given him by the Republican newspapers.
>
> * * * * * * *
>
> Few men in Wisconsin know anything of him. His principles are disguised; his talents are untried—*he is not identified by association or sympathy* with our people; indeed, he *can hardly be regarded as a citizen.*
>
> These illiberal attacks upon Mr. SCHURZ will do him no harm. They only increase the desire of the people to see and know more of so well-abused a man. And as Mr. SCHURZ is now canvassing the State, they will have ample opportunities to do so. In this city where, previous to his nomination, Mr. SCHURZ was a comparative stranger, he made a most favorable impression during his two days visit last week. And such, we venture to say, will be the case wherever he goes. He is a gentleman of fine talents, thorough education, and decided opinions. His principles are frankly expressed; his associations and sympathies are *all* with our people; and he is in spirit, as well as in fact, a thorough AMERICAN CITIZEN. That he is a "young" one, is very true; but it is something new under the sun to hear two "Democratic" papers like the *American* and *News*, ordinarily so full of cheap professions towards Adopted Citizens, objecting to a candidate for office that he has only been "*five years*" in the U. S., and is therefore not yet entitled to the privileges and immunities of citizenship.

Political Thimble Rigging—Here, There and Nowhere.

Mr. Buchanan, the democratic President of the United States,—Mr. Buchanan, the candidate for President in 1856—and Mr. Buchanan, the candidate in 1848—disagree wonderfully in their opinions about Slavery. The reader is requested to compare the following declaration made by the same individual at different periods:

JAMES BUCHANAN IN 1848.

> Having urged the adoption of the Missouri Compromise, the inference is irresistible that *Congress, we opinion, possesses the power to legislate upon the subject of Slavery in the Territories.*—Letter to Sanford.

"NO LONGER JAMES BUCHANAN" IN 1856.

> This legislation—the Kansas and Nebraska bill—is founded on principles as ancient as Free Government itself, and in accordance with them has simply declared *that the people of a Territory, like those of a State, shall decide for themselves whether Slavery shall or shall not exist within its limits.*—Acceptance of Nomination for the Presidency.

PRESIDENT BUCHANAN IN 1857:

> Slavery existed at that period—when the Kansas and Nebraska bill was passed—and still exists in Kansas under the Constitution of the United States. This point has no last been decided by the highest tribunal known to our laws. *How it could ever have been seriously doubted is a mystery.*

Here will be seen the gradual downward progress of the Democratic party, till it has come to be the staunch supporter of Slavery-extension. In 1848, it believes that Congress has full power over slavery in the Territories.

In 1856, it holds that the people of the Territories only can regulate the matter.

In 1857, it proclaims to the world the doctrine that neither Congress nor the people can regulate it, but that the Constitution of the United States carries Slavery everywhere, into all the Territories!

THE CALIFORNIA ELECTION.—The *News* "fixed up" for us a little paragraph concerning the California Election, and we published it. We also published another, showing that the "Sham Democracy"—to use the *News'* own term for its party"—had lost 17,000 votes since last fall. Yet our cotemporary is not content, but says:

> We would like to see in the "Sentinel" a truthful paragraph—yes we *would*.

We shall have to stop publishing the *News'* paragraphs, if that is the way it discredits them. It admits that Buchanan beat Fremont last year by 32,000 votes, and that Weller is elected by only 15,000 now; but charges that the K. N's fused latterly with the Republicans,—a statement for which it has not the slightest foundation, any more than it had for its false report of the temperance meeting.

FRIENDSHIP COOLING.—It is but a few weeks since the Barstow-Cross organs were full of honeyed phrases towards their contemporaries of the German Democratic press. But since several of these papers have repudiated the Cross ticket, and declared for the Reform movement, a very different feeling is evinced towards them. The Madison *Argus*, after endorsing the new German paper started at Watertown, says:

> Come on, then ye editors of the Watertown "Anzeiger" and "Volks Zeitung," ye jewels of intelligence *par excellence* among your countrymen, and show what you henceforth can do to serve your Shanghai masters.
>
> No doubt both the *Anzeiger* and the *Zeitung* will accept the invitation of the *Argus* to "come on," and will show what they can do, to the entire satisfaction, we fancy, of the Barstow tribe.

STATE SENATOR.—28th DISTRICT.—At a Republican District Convention, at which all the counties were represented except Douglas, La Pointe and Burnett, George Strong, member of the Assembly last winter, was nominated for the State Senate. We mentioned a day or two since that Mr. E. H. Brown had been nominated for the same office by the Republicans of the Lake counties. However good a man he may be, votes for him will be thrown away.

SAN FRANCISCO A REPUBLICAN CITY.—The following was the vote of San Francisco, for Governor, at the recent election in California:

Stanley, (Republican),	5,560
Weller, (Democrat),	4,473
Bowie, (K. N.),	331

At the Presidential election, last fall, Fremont had 4,987 votes, Buchanan 5,266, Fillmore 1,601—showing a Republican gain, since last year, of 563 votes, a democratic loss of 868 and a K. N. loss of 1270.

NEWSPAPERS IN GREECE.—A young Greek, who recently completed his studies in the Union Theological Seminary, New York, is about to establish a Protestant newspaper in Athens, Greece. The population of that city is at present 36,000, and there are seventeen weekly and semi-weekly newspapers under the influence of the Greek Church. The above will be the first Protestant newspaper there published.

The Meeting of Thursday--Judge Randall.

The *News* and *American*, of Saturday, vie with each other in personal assaults upon Judge RANDALL and misrepresentations of his speech at Albany Hall on Thursday evening last. To these partizan diatribes we oppose the testimony of the *Wisconsin*, which both the *News* and the *American* have complimented for its "independent" politics:

> ALBANY HALL *last night.*—There was an immense audience at Albany Hall last night, to hear Judge Randall speak for his cause, which is that the good people of Wisconsin ought to know that he will make a better Republican Governor than Mayor Cross will, as a Democrat.—We must admit that his speech went far towards substantiating his claims as an honest-spoken man, fit for the office which he aspires to, even if he is no better than his opponent.
>
> The Judge took up the charges that have been made against him in certain newspapers, and answered them handsomely and satisfactorily. One of our Ex-Governors received a severe castigation at his hands, and as the gentleman was in the Hall at the time, he must have winced considerably at the *expose*. The Judge comes out and "shows his hand" to the world, speaks fearlessly, and swings clear from numerous demagogues, whom he brands with terms which are not very sugary—in taking this course, he deserves the respect, if not the support, of all honest men.

Senator Doolittle was not present. Mr. Schurz commenced speaking, after the Judge finished, but a hoarseness soon came upon [illegible] the cauldron go!

For the Daily Sentinel.
The Chant of the Panic.

[BY EL POSAS.]

The Panic rages! Hot and steaming
The great financial cauldron's hissing;
While underneath, the crackling fires
Are fiercely by Sage to shrieking pyres,
Who round and round, with weird glee,
Giggle a horrible jubilee!

But ah! the treasures that gain,
Spurned with many malicious grin!—
Gems and jewels, from foreign marts,
Hopes, and prayers, and blasted Hearts,
Grappling of wrath, and fagot wo,
Into the seething cauldron go!

Now a bundle of Rail Road stocks,
And now a factory for cotton,
Now a bank, with its useless locks,
Now a whole town, with streets and blocks,
And public squares—arbors and docks,
And now a farmer's herds and flocks,—

The widow's mite, the stay of age,
The orphan's scanty heritage,
Corruption's bribe, the robber's spoil,
The pittance of the poor man's toil,
Wages of sin, extortion's fee,
The gift of meek eyed charity,—

Woods and waters, houses and stores,
Mines, with treasures of shining ores
Ships and shipping, shares and shops,
The husbandman's unripened crops,
The goods of mammon, the shreds of va—
[illegible] cauldron go!

And still no hand is stretched to save
From this annihilating grave!—
But old and young, the staid, the gay,
The devotee from vigils grey,
The learned, the meek, the high, the low
Into the fiery furnace go!

HOW THEY LOVE THE FOREIGNERS!—We copy from the Chicago *Tribune* an article giving a brief history of the suit lately decided relative to the titles at Superior City, in which several leading Democratic worthies appear in the very unworthy business of victimizing a large number of Irish settlers;

> SUPERIOR CITY.—THE IRISH SETTLERS SUSTAINED IN THEIR RIGHTS, AGAINST THEIR "DEMOCRATIC" SWINDLERS.—The long contested case of the site of Superior City, Wis., as between the Superior Town Company—consisting of Stephen A. Douglas, Jesse D. Bright, John C. Breckinridge, Sidney Webster (for self and Frank Pierce,) and a number of like Democratic patriots on the one hand—and the poor Irish dupes who occupied the ground before it was brought into market, on the other, was brought to a close at the Superior Land Office, week before last. The decision was rendered *against* the politicians and in favor of the pre-emptors. The circumstances of the case were these: Before the land constituting the site of Superior was brought into market—we believe it was surveyed—which it could only be held by actual occupation, these sharp-sighted Democrats, one of them a President of the United States, another a Vice-President, and a third, who most anxiously yearns to be President, employed an agent to induce a number of Irish, to occupy the ground, build cabins and become possessors of the soil of Columbia. The Hibernians seized upon the tempting proposal, built their huts, staked out a few gardens and erected uncommonly big pig-pens all over the site of Superior. They fulfilled the requirements of the Pre-emption Law to the letter, with the minute exception that they neglected to file their intentions to claim the land in the office of the Register of the Superior District, and neglected still further to prove up their claims and pay the minimum price, 1,25 per acre, when the land was brought into market. These formalities were exactly those which it was intended they should omit. Probably not one in their whole number could read the English language. They knew nothing of the Pre-emption Laws of the United States, and of course, it was nobody's business to go to them and explain the arcana of the General Land Office.
>
> When the land came into market and no one appeared to have a legal claim to the site of Superior, it was offered at auction accordingly to law. The "Democratic" Superior Town Company then came into existance; its agent bid in the whole property and ordered the Irish off, instanter, treating them as mere cattle who were convenient to be employed for the master's service, but of no consequence when the latter was fulfilled. This was a development evidently not down in the bills, for the "cattle" made a huge outcry and filled the whole country about Fond du Lac and Superior with threatenings and lamentations. They finally made a virtue of necessity, pocketed their wrongs, shouldered their pigs, and decamped across the mouth of the St. Louis River where they have remained ever since, cursing the swindlers on the other side, and plotting vengeance.
>
> It was evident that these Irishmen could give the Superior speculators trouble before the titles in that region were regularly settled. The Pre-emption Laws of the United States were enacted for the protection of the actual settler against the non-resident speculator. The ignorant dupes who occupied the site of Superior, had, perhaps no title in law, but they had a very respectable title in Equity—such a one as the general Land Office was bound to recognize. Several prominent lawyers in Minnesota, and others who passed through Superior on pleasure excursions, were solicited to argue the case, but either through dislike to offend the formidable members of the Superior Company, or seeing no prospect of justice in a case involving so much Democracy, it was not taken hold of in earnest until recently, when Hon. ST. A. D. BALCOMBE, late resident of the Republican Constitutional Convention of Minnesota, assumed the management on behalf of the Irishmen, and prosecuted it, as we learn, to a triumphant conclusion. The case, doubtless, be taken on appeal to the General Land Office at Washington.

California and Oregon News.

In the morning of 22d August, great excitement was occasioned in San Francisco, by the news that an attempt had been made to assassinate Emanuel Castnuves, by stabbing him while he was in the chamber of his hotel. Castanares was a principal witness to sustain the great Limantour claim to $30,000,000 of property in San Francisco and neighborhood. His evidence had already been taken before the United States commissioners, and had been published in the papers. It was very strong in favor of the claimant, on the 21st, he was awakened, he says, by receiving a blow on the chest; he saw a man run out of the room, and afterwards found he was stabbed. Staggering into the hall, he cried out and fell, covered with blood, where he was taken up. His wound was only a slight flesh wound, the knife having struck a rib. A singular instance is, that the wound was inflicted with his *own knife*, which was found sticking through the bed-clothes, the thickness of which seemed to have saved his life. The chief of police had offered, through the papers, a reward of $5,000 for the detection of the perpetrator of the deed. Two enterprising citizens applied, and claimed the reward, alleging that Castanares himself did the stabbing, in order to gain sympathy for the Limantour claim. On being refused the money, they commenced suit in the courts to recover it.

Sufficiency of nearly $4,000 has been discovered in the accounts of B. M. Fetter, late Treasurer of Sierra county.

Mining is carried on as vigorously and successfully as ever throughout the State. New digging on Walker's river, Utah Territory, have been discovered, which are reported as yielding immensely. A number of miners from California had gone thither for the purpose of thoroughly inspecting the country for gold.

INDIAN OUTRAGES ON THE PLAINS.—The Sacramento Union has a telegraphic dispatch dated 30th August, from Placerville, containing the following late and important news on the plains:

> Immigrants who have just arrived here have intelligence of the massacre of a whole company consisting of six men and three children. A woman was shot through and scalped, and left for dead, but was found still alive by those who came up first. She is not expected to live. She is being brought into Carson Valley by the next train. The stock was also recovered from the Indians, in doing which one Indian was killed. The stock is in charge of Roundtrain—150 head. The only names the informant recollects among the killed were those of Mowray and his brother-in-law. The three men were murdered by those fiends before the eyes of their parents, and horribly mutilated. The informants, to a man, are willing to join a party to exterminate those fiends. They are the opinion that it will take six weeks before the immigrants all pass that locality, and begin to express their indignation that no move is being or has been made to organize a force here, it being only three hundred miles beyond Genoa. Nine-tenths of the immigrants would volunteer that are duly arriving in Carson Valley.

The River Boats are now crowded and jammed full of freight, every trip, for the up river towns; and not satisfied with their own capacity, we notice that they all go up and come down "double-bressted," with a loaded barge on each side. The *Martin, Osmun, Lady Jane*, and *Aequila*, now compose the river line, but we learn that the *Fannie Fisk* and the *Pioneer* will be put on the route between here and Lake Winnebago ports in a few days. As the season advances the freight business increases, and all the boats on the river must be kept steadily to work to keep the warehousesse free.—*Green Bay Advocate.*

HOW TO PRESERVE GRAPES.—The last number of the *American Agriculturist* contains the following letter in relation to preserving grapes for the winter:

My mode of gathering and preserving grapes for Winter use it as follows: When they are fully ripe, suspend a basket by a strap or cord passed around the neck, thereby giving liberty to both hands for picking; with one hand hold the cluster, and with the other cut it from the vine; remove from the clusters all unripe or decayed fruit, and deposit them in the basket until it is filled, (I use a market basket that will hold about a bushel.) Carry the grapes thus gathered to the place for packing. I use boxes about two feet square by six inches deep in the clear, with covers made to shut tight. In packing lay a new paper on the bottom of the box, then a layer or of grapes; then a paper and a second layer of grapes, which, when closely packed, usually fills the box; set the box in some dry and airy place, with the cover open or off, and let the box remain open for ten days, or until the sweating process is passed; then close the box and set it in the fruit room, cellar, or garret, any place where the fruit will not freeze, or where is not extremely damp.

Grapes packed as above directed, will open at any time during the Winter or Spring following, as fresh as when packed. The only secret or mystery is, that the moisture which spoils the fruit when packed in saw dust and other absorbents, passes off during the ten days that the box remains open, instead of being absorbed, and retaining to keep the grapes damp, and ultimately mould and spoil them. I have practiced this method for several years without the loss of a single bunch of grapes. So perfect has been my success that I have more confidence in the preservation of the grape than any other fruit. I use shallow boxes for packing grapes, that the moisture may the more readily escape, and that the first layer in the bottom may not be crushed by the weight above.

HONESTY OF INDIANS.—We never were a very enthusiastic admirer of the "Aborgines," but we heard of an incident yesterday, that we will place to their credit. Five Dakotahs but wince, while nearly starving, got some provisions of some dealers here, with whom they had traded in furs, to the amount of about $30 each. The dealers thought no more of it, but a day or two ago, the Indians came in, and "planked down" the cash, "which they had received at payment," shortly before—paying up their debts as punctual as though they were No. 1 merchants, and had notes outstanding.—*Minnesotian.*

A BANK LOCK INVENTOR SOLD.—The inventor of a bank lock, having with due formality patented his contrivance, was exhibiting it last week at the State Fair at St. Louis, and boasting largely of its burglar-proof qualities, when a stout, common looking man in the stepped up and asked to look at it.

"So this can't be picked, eh?"

"You are at liberty to try it sir," said the inventor with self complacent assurance.

"Hum," said the plain man, as he examined the mystic bit of mechanism. Taking a bunch of keys from his pocket, he glanced them over, but returned them to his pocket without trying any of them. He then picked up a stick, whittled it a little as to make a notch near the end, applied it to the lock, and in a moment returned it to the astonished inventor opened. The inventor, after some inquiry, learned that the audacious demolisher of his air-castles was a famous "detective" of Chicago. We presume that patent right can be had at a discount.—*Chicago Press.*

IMPORTANT TO THE LADIES.

I HAVE JUST OPENED an invoice of goods which are too good to sell at auction; I therefore will sell them at private sale, at 20 ⅌ cent less than what they are worth, and 30 ⅌ cent less than you can purchase them in the East. The goods consist of White Shaker Flannels, Colored Flannels, Twilled Flannels, some French Merinoes, some all wool Delaines, Silk Velvets, &c. The assortment is not very large, but what there is is of superior quality.

I have also just opened, the case, consisting of twelve Ladies Fall and Winter Cloaks, latest style, to be sold at great bargains.

SAY ONE, who has a good stock or Dry Goods, I will trade Pine Lake Farm for them, with all its stock, furniture, &c., and if the stock of goods is very large and is worth more than the farm, I will pay the balance in money. Or I will exchange said farm for good improved city property, or I will sell the said farm for good mortgages, running 1, 2, 3 & 5 years, or I will exchange said farm for Mdse. & Miss. R. R. stock. Here is a great chance for some one to get a good home, one and a half hours ride on the cars from the city, with everything that can make it desirable, with a good house, barn, 50 orchard trees, which would rent in Milwaukee for six hundred dollars a year.

CALEB WALL.

N. B.—If the said farm is not sold in thirty days, I want a good, honest, quiet man and his wife to take care of said farm and all the stock through the winter, and probably when the spring comes I may conclude to keep the farm. So it is there for some one to get a comfortable home for the winter. I do not care what country they are from, but will require good references.

AUCTION SALE OF LOTS in the 6th Ward, Wright's addition, Adjoining Sherman's. This will be a rare chance to get a home, for our lands to be disposed of to those who desire to build and live upon. The confidence which we feel in the intrinsic value of this property, and the knowledge we have of the demand which will exist for it, induces us even at this time to offer it at Public Auction.

Every resident of the ward is perfectly familiar with the location of these lots. They have hitherto been kept out of market by the owners, holding back in the hope that advantages which they offer for residences, but the growing demand for them and the desire to improve the value of the residue of the property, induces him to offer a portion of them on terms which will induce others to come on and purchase, so that both he and themselves may benefit by the enhanced value will be given by their improvements. The size of the lots, 50X120, is of itself a great consideration to persons building, as it affords space for raising cabbages and other vegetables, which will repay the labor bestowed on them. The sale will take place at our office on Michigan street, at 10 o'clock in the forenoon of the 25th inst.
